

STATIC FREE DESIGNS

Flat Rate Pricing: Services billed using flat rate pricing are for businesses or individuals who prefer working with a fixed cost. All projects are scoped using a detailed estimate with 50% of the total cost paid as a deposit. All work is billed “up to” meaning the final cost may be less than initially estimated.

Solo: \$1000-\$3000

For small businesses or individuals who need a basic website with minimal pages and standard features. It may include a home page, about page, services page, and contact page, as well as basic functionality such as a contact form and Google Maps integration.

Business: \$3000-\$15000

A more advanced package for small businesses or individuals who need a more comprehensive website with additional pages and features including all of the basic plan, plus additional features such as blogs, portfolios, product catalogs, and custom coding such as AI widgets or motion effects. It may also include additional functionality such as an online booking system or newsletter sign-up form.

Executive: \$15000 +

This plan is designed for businesses or individuals who need a fully customized website with advanced features and functionality. It includes all of the features of the solo and business plans, as well as custom design elements, custom functionality, and integrations with third-party systems including e-commerce, online courses, reoccurring payments, and bespoke design.
